Due Friday, September 19th, 2014

Rotation _____ Class Period _____

NAME _____

Clay Animation Task: Using clay and your imagination, create a 30 second (minimum) animation using the stop motion animation technique.

STAGE 1 - DEVELOPMENT

Divergent Thinking - The goal of divergent thinking is to generate many different ideas about a topic in a short period of time. Do not be judgmental at this time. That will come later. Set a timer for 20 minutes and **Brainstorm** as many ideas as possible for a short clay animation. Write down & record them on the bottom & back of this form.
